

YOU CAN'T TAKE IT WITH YOU

AUDITION RESULTS

A Note from the Director:

Thank you to everyone who auditioned. It was nice to see your talent and enthusiasm. I wish I had more female roles to fill. If you were not cast in this show don't give up on auditioning—hopefully a play that's right for you is in your future. Not being cast doesn't mean you don't have talent or can't act—it's just that the characters in this show were not right for you or perhaps there was another actor who struck me as "more right." If you're new to acting consider taking an acting class to hone your talents. Again, thank you for putting yourself out there and taking the risk of auditioning.

Congratulations to the cast and director's assistants. I am eager to start working with you. Our first rehearsal will be Monday, March 18th at 3:45 in the Green Room (auditorium basement). We will be reading portions of the script. I will have fresh scripts and other information. See you then/there!

THE CAST:

Penelope Sycamore.....	Claire Thomure
